DELAYS OVER THE RIGHTS OF WAY

H. S. Dimond, of the contracting firm of Wilson, Lyon & Co., arrived in the city yesterday in the Mauna Loa from Kona, where he has been for some time looking after the work of construction of the Kona-Kau Railroad. Mr. Dimond will be in Honolulu for some weeks, and will stay here for conferences with the heads of his firm and the capitalists who are expected to arrive here within a few weeks. Speaking of the construction of the road, he said last evening:

"We have been over the greater portion of the located line of the road and have found no engineering difficulties. The estimates of the engineers have been found to be correct, and in fact we believe the building of the line will be accomplished within the estimates of those who ran the lines. The only difficulty now encountered lies in the right of way. All along the preliminary line the rights were secured without trouble, but the located line varied in some instances, and, touching kuleanas, where arrangements for the right had not been made, trouble resulted. In some of these instances the owners are asking approximately \$1 a square foot for the land which will be crossed by the road.

"These disturbances will delay construction in some degree, but we are of the opinion that there will be an early settlement and that we will be able to push the road right along. You may say that as soon as the suits and negotiations which must be carried through as a result of the right of way differences are ended, construction along the line will begin with vigor within three months, and that within two years from this time Kona will have its road to the volcano.

"I am here now for the purpose of meeting Mr. Wilson, the head of the firm, who expects to come down by the middle of the month, and who will go over the project with us before the arrival of the Chicago and St. Louis men who are backing the project. They should arrive about the opening of February, and their coming will be followed at once by earnest investigation of the entire subject. There is a confident belief on our part that the feasibility of the line will be apparent to the visitors at once, and that the result of their visit will be the immediate authorization for the pushing of work along the line of the road."

COFFEE GROWERS WILL PRESS BILL

Coffee growers of Hawaii will be represented at Washington to urge the passage of the bill, which is to give a bounty of four cents a pound on coffee, if the plans which are now under consideration go through. Among the arrivals in the Mauna Loa yesterday were A. L. Louissou, who has been most active in the propaganda for the granting of a bounty on coffee, and who, as well, by his work, has stirred the coffee growers of Porto Rico to action.

Soon after his arrival Mr. Louissou met with others who are interested in the growing of coffee, and a general talk over the situation was had. There was expressed the desire that some one familiar with the industry here go on to Washington, and it was announced later in the day that probably Mr. Louissou would accept the commission. If so he will leave as soon as possible for the mainland.

The idea is to have some one, well up in the trade, at the capital so that in the event of any information being desired he will be able to furnish it.

Parties ordering copies of the Advertiser Cable Edition in wrappers ready for mailing, will please call for them at the office of the paper.

Chamberlain's Cough Remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cure of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough, has shown that it robs that disease of all dangerous results. It is especially prized by mothers because it contains nothing injurious and there is not the least danger in giving it, even to babies. It always cures and cures quickly. Benson, Smith & Co., Ltd., wholesale druggists, sell it.

A little local band was one day playing at Dunfermline, when an old weaver came up and asked the bandmaster what air they were playing. "That is 'The Death of Nelson,'" replied the bandmaster, solemnly. "Ay, mon," replied the weaver, "ye hae gien him an awful death."—Th-Bits.

"No," said Mr. Wu, as he stopped pacing the deck of the vessel, and turned to look at the shores of America, now fast receding from his view. "I can't say I was really a popular man in my country. No brand of cigars has ever been named for me."—Chicago Tribune.

YES OR NO?

Honolulu People Are Respectfully Asked to Answer These Questions.

Is there anything in the evidence of one's senses?

Is there anything in the testimony of one's friends?

Can reliance be placed upon statements from people we know?

Are the opinions of local citizens of any greater moment than those of strangers?

Would you sooner believe people living in some far-away place than residents of your own city?

We think not! for home proof can easily be investigated.

Mr. W. J. Maxwell of this town, frugal officer, writes thus: "I suffered with a horrible pain in the small of my back (an almost invariable symptom of kidney trouble) for a number of years. I was advised to take some of Doan's Backache Kidney Pills, and following the suggestion, I went to the Hollister Drug Co.'s store, Fort street, and got some of these. Having taken them, they relieved me straight away, and as I may say, the best and in fact the only cure for backache. I have mentioned the virtue of this wonderful remedy to several persons, among whom is my friend, Mr. Frank Metcalf, who found relief, and he is now a firm believer in Doan's Backache Kidney Pills."

Doan's Backache Kidney Pills are sold by all chemists and storekeepers at 50 cents per box, six boxes \$2.50, or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Send a copy of the Special Cable Number of the Advertiser to your friends. Price in wrappers, ready for mailing, 5c. To be had of all newsdealers and publication office, Von Holt block, King street.
